

Get Your Results on the Go with the New SMS Results Release Service

18 May 2007, Singapore – For the upcoming results release, Informatics students will be pleased to know that they will be able to receive their results via text messaging (sms). With this new service, no matter where they are, students will get to view their results almost instantaneously. All that is required is a mobile phone and a press of a button.

This is another value-added service that is offered to students, free-of-charge. It will also serve as another channel for students to view their exam results. Currently students are able to view their results by login into Informatics Virtual Campus (IVC).

To enjoy this service, students need to first login into IVC and update their profile. From there, they will be able to subscribe to the SMS result release service by selecting the appropriate box as seen below.
